PHILADELPHIA, 9; BROOKLYN, 6. oe McGinnity, the phenomenal pitcher of the Brooklyns, who has been trying to keep his team in the lead almost single-handed, began to show signs of overwork yesterday, can to show signs of overwork yesterday, much to the consternation of the loyal rooters who have believed all along that Hanlon's new would again win the champlonship. Medinnity voluntarily tried his effectiveness gainst the heavy-hitting Philadelphians at Nashington Park in the presence of 2,800 cranks eno made things hum as long as the Brook-yns looked like winners. In the crowd, hower, wer, were many cranks who never root for mybody but the New York tailenders, and hose individuals pulled hard for the Quakers t every stage. For six innings McGinnity duched grand ball. But the strain told on him and in the seventh he went all to pieces. An error by Dahlen helped, too, and a three-bagger of Flek, which the Brooklyn captain, Kelley, neisted was a foul ball by a few inches, settled he gadie.

McGinnity was not wholly to blame for

in the seventh inning that was an open on of the rules. The score was 3 to 2 oklyn's favor when Wolverton opened volation of the rules. The score was 3 to 2 in Bracklyn's favor when Wolverton opened the inning with a corking three-bagger to left. Cross hit to Dahlen, who was playing deep, and as the latter threw in sloppy fashion to Kelley, Wolverton scored and the runner was safe at first. Orth followed with a hit to centre and Thomas bunted. McGinnity and Kelley both ran for the ball. The former got it, tried vainly to touch Thomas on the line and then threw wildly to first which was covered by Demontreville. Cross scored on the error and the Quakers were ahead much to the chagrin of the Champtons. Slagle struck out and Delehanty was hit in the back with a pitched ball, discernable evidence that McGinnity was losing his grip. Laide fouled to Farrell and Flick lined a ball sharply over first base. It struck the ground close to the foul line.

"Fair ball!" stried Hurst, and the Quakers made tracks around the bases. It was a three-bagger and sent everybody home. Meanwhile Capit. Kelley pointing to a spot within a few inches of the foul line, yelled to Hurst;

"Come down here and see for yourself! It was a foul, and here's the mark!"

Hurst of course refused to accede to Kelley's request and ordered the game to proceed. But Kelley was obdurate and continued to kick. Finally the Brooklyn captain run into the blate and had an arrunent. with the up-

request and ordered the game to proceed. But Kelley was obdurate and continued to kick. Finally the Brooklyn captain ran into kick. Finally the Brooklyn captain ran into the plate and had an argument with the umpire, who simply told him to play ball. After several more minutes' delay Keeler closed the inning by catching a terrific drive from McFarland's bat off the right field fence.

In the eighth Delehanty came up with the bases filled and popped a little fly to short left. As Sheckard was playing deep for the big hitter. Del sent in two runs and got a two-bagger. The Brooklyns made four hits off Orth up to the last haif of the eighth when they scored two runs on two singles, a double and an out. In the nint the Champions worked the crowd up with a rally that wasn't big enough. With one out Jennings went to the plate in McGinnity's place and knocked out a beautiful three-bagger to centre. He scored on Jones's single. The latter was forced by Keeler and Sheckard wou nd the game with a long fly to Thomas. The score:

EBBETS ON ROWDYISM. Prefers Charges Against St. Louis Players

The recent acts of rowdyism at Washington Park have stirred up the President of the Brook-lyn club, C. H. Ebbets, who has decided that the players of other clubs must be punished, but does not see anything wrong in the behavior Hitting Draw in Seven lenings-Gossip. of his own men. Last Wednesday Robinson, the champion Brooklyns were again beaten the St. Louis catcher, assaulted Umpire Gaffney at Washington Park and was put out of the game Capt. McGraw of St. Louis said he had no other catcher to substitute and so forfeited the game. Yesterday President Ebbets notified N. E. Young, President of the League, that Robinson must be suspended and fined \$200 pending an investigation. Ebbets also demanded that the St Louis club be compelled to pay a fine of \$500 for the forfeit, and that Capt. McGraw be also penalized to the extent of \$100, in accordance with the League constitution, for refusing to continue play when ordered to do so by the umpire. In explaining his action Ebbets said

to THE SUN reporter: "I do not intend to tolerate rowdyism at Washington Park under any circumstances. Robinson did something that cannot go unpunished. McGraw cannot injure this club by forfelting games as he did here last year. I intend to protect the patrons of the club and with the idea of preventing any further acts

intend to protect the patrons of the club and with the idea of preventing any further acts of this kind. I have decided to prefer charges against Robinson and McGraw and also make the St. Louis club pay a fine. I no not like to take such action, but there is nothing left for me to do. I have also decided that if a player acts towardd an umpire as Hawley of the New Yorks did last Friday here, I will have him dragged off the field by the police. I am against rowdylsm and will fight it hard."

Last Friday at Washington Park it will be remembered that Hawley tried to punch Umpire Snyder and also invited him outside the grounds to fight it out. It will also be recalled that at the conclusion of the game Capt. Kelley of the Brooklyns threw his glove at Snyder, while Pitcher McGinnity subjected the umpire to rough handling in the middle of the diamond. This misconduct alone made it necessary for the police to escort Snyder from the grounds.

"As you have preferred charges against Robinson, will you discipline your own men. Kelley and McGinnity, for their attack upon Snyder?" THE SUN man asked of President Ebbets.

"That is something with which I have nothing to do. The Brooklyn players are under the control of Manager Hanlon. I know that he has hauled McGinnity over the coals for assaulting Snyder, but I do not know whether the player has been fined or not. As a matter of fact the assault took place after the game, and Snyder has preferred no charges against McGinnity to President Young. It would appear as if some other club ought to bring up the cases of the Brooklyn players who kick."

Manager Hanlon has not fined McGinnity or Kelley. The latter player, in Hanlon's presence, said to THE SUN man:

same, and Snyder has preferred no charges against declinality was not wholly to biame for the Champions, who are suffering in a streak of very weak hitting, could do e with Orth, the "curveless wonder, senially when they had men on bases. Orth received magnificent support, especially mone too shut the Champions out of possible so much to shut the Champions out of possible and the are rank robbertes. I'll kick just as much as I want to."

"Hanlon cannot keep me from kicking against decisions that are rank robbertes. I'll kick just as much as I want to."

"Would you kick if it cost you \$50 for each offence, the fine to be inflicted by Hanlon?" was saked, "Oh, if I was fined that way it would take the life out of me and every other ball player. Then the field, Capt. Keiley of the Brooklyns ito him. You are the first real umpire I've seen in weeks. Go ahead and judge the plays as itsee them!"

Is fore long the kicking began to crop out, he objected to several called balls and he ably assisted by McFarland. In the ninthing with Jennings at the bat, McFarland cled because Hurst called a ball instead of a like. The catcher walked toward Capt, behanty, at the same time hooking remarks twere not complimentary to Hurst. The pire quickly put a stop to the disturbance putting McFarland out of the game in Jig Mc

Automobile racing as a sport appeared yesterday at Trenton in the first-day programme of the Interstate Fair. There have been races at Newport, Chicago, Guttenberg and other places prior to yesterday, but according to reports they have hardly furnished sport, because the victor has simply run away from the others. There has as yet not been devised any handicapping system to equalize the chances of the machines of different horse-power, and a machine of a certain horse-power still starts from scratch and runs against another of twice the horse-power. It did not seem that under such conditions anything seem that under such conditions anything in the way of genuine sport was likely to result, but the events of yesterday proved other wise and automobile racing clearly cleft for itself a place in the sports of the future. There were two ten-mile races on the programme and in both there was as hot a competition as a true sportsman would care to see.

S.T.Davis with his steam racing wagon was the star of the occasion. It was the same wagon that finished second in the fifty-mile race on Long Island last spring. There were six events on the card, only five of which were run. Davis The Parkville Handicap: for three-year-olds: by

star of the occasion. It was the same wagon that finished second in the fifty-mile race on Long Island last spring. There were six events on the card, only five of which were run. Davis started in three events and won each of them. A. C. Bostwick, the young millionaire enthusiast, was on hand, but not with his big French racer. He had a new throyele, fresh from Paris and an American gaselene machine. He ran second in the three of the four events in which he started, but he made such a noble fight and took his de eat in such a sportsmanike manner that he was rather the hero of the grand stand, although unconscious of it and indifferent. About 15,000 persons watched the track events and the country fair specialty performances with which they were interlarded. Summary:

Maxey Long, the phenomenal sprinter and quarter-miler, has left Columbia University. Capt. Dana of the 'Varsity track team made the announcement last night and said that Long's parents had decided that it was better for him o go into business than continue his studies. Long also won innumerable laurels in the Paris championships and was the only visiting American who was not in any way affected by the climate. In the intercollegiate meeting last spring Long was defeated by Dixon Boardman of Yale in the quarter-mile event in fast time. Long will make his final bow at the games of the New York A. Emmett Defeats Bubear in a Single Scull Race. Special Cable Despatch to THE SUN. LONDON, Sept. 24.-In the single scull race over the championship course to-day Sam

Emmett beat George Bubear by three lengths.

The men rowed for a stake of \$500 over what is known as the real champiouship course on the Thames, starting at Puiney Bridge and finishing at the Suipat Mortlake. Bunear did his training from Tom Green's place at Barnes, white Emmett did his preliminary work accompanied by a double sculing boat, manued by 'Niles' and Jack Gibson. Great interest was evinced in the match as both men are well known old-timers. Bubear having held the championship of England.

CHICAGO, Sept. 24. The card at Hawthorne to-day was an ordinary one, but there was excitement enough to make the day's racing interesting. In the third race, the steepiechase, Manchitefell and apparent-ly rolled over his rider, W. Johnson. The spectators were relieved, however, to see Johnson get up and walk across the field. In the fourth race Fridolin and Konnwreath were nighting it out for first money ond base, beginning to-day.

In the nextrace Buchanan on Headwater crowded Love's Labor into the fence on the far turn. He finished second to Specific and was set back, place money going to Love's Labor and show money to Eva Rice. As a fitting ending of the day of accidents Lady Meddlesome and Calastrophe both fell at the first turn. W. Kiley, who rode Catastrophe, had his collar-bone broken. Lucanian who was in the mix-up, escaped uninjured. Gilmore, who rode Dad Steele, was suspended for thirty days because of the accident, but the boys say he was on the inside and not to blame. for two-year-olds, which puzzled early morning students of the entry list, as the names of eighteen youngsters appeared on the programme. The acceptance of W. M. Barrick's muchtouted Faraday coit Criterion scared out ten in a hurry, and the shifty black youngster was installed an odds-on favorite. Bedeck was the only other seriously backed, but a number of small players forced the odds against Agnes D. from 12 to 1 to 10 to 1. Brandy Smash at 30 to 1 caused a big flutter among the plungers by cutting out the pace for half a mile. The favorite caught him in the run home and won easily by a length, but Brandy Smash held his own against the others. Bedeck wound up a fair third, but all the rest were beaten off.

A highweight handleap for all ages, at one mile and 70 yards brought out nine of the eleven named, the missing ones being Sparrow Wing and Anecdote. On Western form Mr Brown was selected to beat the field but quite some money was invested on Kinnikinio at 4 to 1 and Bean Gallant at 5 to 1. Withers showed some of his last year's speed for half a furlong where Beau Gallant raced past followed by Big Gun. The Jim Gore colt drew clean away in the last half mile, at which stage Kinnikinic was last. Then McCue coaxed Tom Healey's old campaigner to race a bit and he shot through the bunch like a rocket, finishing second within two lengths of Beau Gallant and a head in front of Asquith. The handleap for all ages at one mile and a furlong resulted in a gamely earned win for the favorite, Star Bright. Turner moved up a trifle too late with Decanter and Odom's brilliant ride landed the purse for John E. Madden in very fast time. Littlefield tried to spreadeagle the large field engaged in the dash for malden two-year-old filies and showed the way on the 30 to 1 shot, Mesaba, for over half a mile, She could race no further and Fannie Maud struggled home a head in front of Maria Bolton, who beat Nonparell a length. The joint favorites, Julia Ranover and Pleasant Sall, wound up fifth and sixth respectively.

Coming Here to Get the Support of the Jockey Club.

> CHICAGO Sept. 24.-John Condon, owner of the Harlem and Lakeside racetracks, left last night for New York with the intention, it is Said, of effecting an agreement with the Jockey Club regarding rulings made by the Western Turi Association. After the American Turi Congress voted a schedule of racing dates which restricted Harlem and abolished to Osborn Field this afternoon. The heat, how-Congress voted a schedule of racing dates which restricted Harlem and abolished the Lakeside meeting altogether, Condon said nothing. It is reported that he now has in mind an organization including New Orleans. Chicago, St. Louis, Detroit and San Francisco that will overshadow the congress. If he can secure any sort of an alliance with the Jockey Club it will be the death of the racing associations at Louisville, Cincinnati, Nashville and several other Southern points. several other Southern points.

Southern Horsemen Form a Protective Assoclation.

CHICAGO, Sept. 24 .- A number of Southern horsemen, who are racing in Chicago, have formed a protective association. While their plans are not fully perfected it is said they will take up the fight of the Chicago tracks and use its influence to prevent the limiting of the racing season in that city. Hiram J. Scoggan, W. H. May and J. J. Markiein are among the promoters of the association. Such organizations of horsemen never have accomplished anything in the past and turfmen do not expect the new one to cut any figure. not expect the new one to cut any figure.

with the advent of cooler weather there is an increasing demand for coach and carriage horses high acting cobs and heavy teams of the trotting bred variety. The fact that the best class of carriage horses are scarce while the demand is greater than it has been for several years will tend to advance prices on good stock. The boom in horseflesh, which really started three years ago and has been growing ever since, caught breeders short. During the depressed state of the market they practically quit breeding and at present the demand is greater than the supply for the proper kind of animals. The same is true of the light harness trade. A really good, sound trotter or pacer will bring almost any price. They are being sought for in every breeding centre of the country. One of the buyers for the Austrian market, who recently arrived in this country, expressed himself as being much discouraged at the outlook.

"There is no use in my trying to get hold of the quality of horses which would pay me to ship to Europe," he said. "They bring higher prices here at present than I could possibly get for them in Austria. It is not like it was five or six or even three years ago. Then we could get fast trotters with or without records at from 50 to 75 per cent less than I can get the same class of horses for to-day. They are hard to get at any price now." hard to get at any price now.

The clearance sale of the formidable Fleischman atring is set for Oct. 4 John F. Schorr has purchased by private treaty the three year-old Kitchener. He is a black colt by Himyar-Lady Agnes, and has an engagement in the Standard Stakes to morrow. Favorites and their followers found their path pretty full of thorns at Gravesend yesterday. Matters went smoothly in the first and fourthraces, but all the other choices finished outside the money, except Rockton, who finished a very close third in the Parkville.

The itemized account of receipts taken in at Graves-end last Friday for the Galvesion benefit was footed up yesterday in Secretary McIntyre's office and showed returns of \$5,423.91. To this sum the Brooklyn Jockey Club added a special contribution of \$500, bringing the gross total close to \$900.

Old Kinntkinic caused widespread merriment by stopping abrupily in front of the stewards' stand on his way to the post and refusing to budge an inch for McCue until he had leisurely scrutinized the number board and all the surrounding details. He only gave up thinking when it was too late to win.

S. C. Hildrein must have found matters a trifle slow at Gravesend. There was not a single selling race on the card up to the closing event, but then he rose to the occasion and left off happy in the possession of another horse. It is said he contemplates a Southern and Western campaign during the off season hereabouts.

old Nassau's Faculty Objects to the Proposi-

tion Made by Columbia to Hold the Contest on Manhattan Field-Local 'Varsity Team to Begin Practice Here To-morrow-Gossip. The report that the Yale-Princeton footpall game on Nov. 17 would be played in this city on Manhattan Field instead of at Princeton turns out to be premature, although it is a fact that the football officials of Columbia University, which controls the local gridiron, have been trying for some time past to secure the game. When Yale and Princeton decided to take their annual game away from this city t was because the faculties had decided that more football games could be played on other than college grounds. The Columbia men, however, having secured an absolute lease of Manhattan Field, saw a chance to get the big contest back, and also derive a neat profit on the side. G. T. Kirby. one of Columbia's leading graduate advisers, has been conducting the negotiations with the two universities, but he met with a sturn bling block when the Princeton faculty the other day absolutely refused to listen to the propo sition. The Princeton football players and many undergraduates and alumni are said o be in favor of playing the game here, but he faculty edict is considered to be final. At ale the eleven, undergraduates and alumn re reported to be in favor of ansferring the game to this city, but the aculty so far has taken no action. At Princefaculty so far has taken no action. At Prince-ton it is said that the money has already been raised to construct new grand stands on Brokaw Field, and that they will be ready before the first of November. Many college men would like to see Yale and Princeton meet here once more, but just at present such an attractive football event seems to be an impossibility.

football event seems to be an impossibility.

Coach Sanford will bring all of the candidates for the Columbia 'Varsite eleven from the training quarters at Branford Point today. They will begin regular practice on the fileld opposite the library building on Morringside Heights to-morrow afternoon. Capt Tom Simons has decided not to resign justyet, but will rest up until he has recovered from a slight attack of water on the knee. In about two weeks he hopes to be able to get out and assist in the coaching and will not relinquish command of the team until he finds that there is no chance to resume play this year. Two new candidates for the team have show up in the person of Goodnan, who was the quarterback on the freshman eleven last year and Holman, a half back, who comes from the west. Sanford will look over the material if the freshman class at once so that any new candidates of promise may be added to the squad without delay. Manager W. B. CAMBRIDGE, Sept. 24.—The Harvard eleven had its first line-up of the season this afternoon after forty-five minutes of hard preliminary work. W. H. Lewis, Cochrane and Murchie donned football togs and assisted in coaching. G. Waters and Moulton were among the spectators. Apart from the line-up the feature of the day's practice was the appearance of E. Kendall, '02, last year's right half back, and Stillman, full back on the freshman team last fail. Both seemed in excellent condition and entered the work with vim. Their presence makes the back field problem much more definite. A new candidate who may turn out a find is Roberts from the Salem High School, who is fully 6 feet tall and tips the beam at 275 pounds. Although somewhat green to-day, Coach Lewis took him in hand after practice and set out to teach him the essentials of snap back playing. The morning practice was more varied than usual, the back field running through formations without signals and catching punts. In the afternoon hard preliminary work was followed by inskling the dummy in squads, punting goal kirkling the dummy in squads punting goal kirkling elementary formations on catching punts, and signals, and finishing with the formation of a first and a second eleven. In the alternoon hard preliminary work was followed by taskling the dummy in squads, punting, goal kicking, elementary formations on catching punts, and signals, and finishing with the formation of a first and a second eleven, which were lined up for twelve minutes' practice in breaking through, punting, catching and running the ball back. Hersey and E. Kendall succeeded best in getting down the field. An unique feature of the practice was the work of the linemen. The men squatted in a row like frogs, and at the signal leaped forward on all fours. The line-up of the two elevens was:

elevens was;

First Eleven-Left end Endicott; left tackle, Knowlton; left gnard Lee; centre, Sargent; right guard, Barnard; right tackle, Lawrence; right end, Hailowell, '96, Sherbick and Daly; left half back, Glerasch; right half back, E. Kendall, R. Derby and Kennan; full back, Kernan and Stillman.

'Second Eleven-Left end, Hoxle and L. Motley; left tackle, Spratt; left guard, Carroll; centre, Sugden; right guard, Riggs; right tackle, Biggén; right end, J. D. Clark; quarter back, E. Motley; left half back, Sawin and Brockway; right half back, Kernan and Hersey; full back, I. W. Kendali and Sawin.

did not prevent the Tigers from holding their first really hard practice of the season on Osborn Field this aftermoon. The heat, however, did tell badly on Capt. Pell's athletes for it was found necessary to repeatedly interrupt the fifteen minutes' line-up, the first regular one that has been held this year, in order to allow Traher Robinson to bathe ruddy faces and swimming head with ice water. Several of the men were removed before the play had gone the limit, for lear of the bad effects which might result from overwork so early in the season. When the two teams lined up in the centre of the field with the ball in possession of the scrubs, the side lines were crowded with undergraduates easer to size up the chances of their eleven. The second team men were soon forced to punt and the Varsity began their attack on their 20-yard line. Morse and McClave clipped off the yards in fine style, but when they reached the scrubs' 15-yard chalk mark a fumble spoiled it all. A fumble on the scrubs' 16-yard line once more gave the first team a chance to score. The freshmen in the line were nervous, but braced back for the rush, when Capt. Pell yelled "Over, boys, for the first touchdown of the season. Trainer Robinson commands to call time, stopped the play and the Varsity men strolled off sullenly to their quarters. As was expected the first regular line-up found the two freshmen, Brown and DeWitt, at the guard positions. The 'Varsity lined up as follows:

Roper, left end: Shefield, left tackle, Brown, left guard: Hale, centre: DeWitt, right guard: Black, right tackle, Poe and Kely, right end; Duncan, quarter back: McClave, left hals back; Morse right half back; Mattis, full back.

Hillebrand, last year's tackle, was on the field this afternoon bu, will enter upon his du-

Elliott, tackle. The rest will be old players. The new men have won recognition over some of the old players by superior work. There is much loy among the students over the news that Brown, who played end last year and who was so badly injured by being thrown from his horse in Chicago, will be back to take his old place. The first game here will be on Sent. 29 with Ursinus. The schedule has been satisfactorily arranged. Princeton during the summer cancelled her game here but the matter has been adjusted and the Tigers will play here. Cornell will also meet Lafayette on the latter's grounds. There are seven other games scheduled for Easton and the rooters are preparing for the full enjoyment of the greatest football season they have ever known at Lafayette.

New Haven, Sent. 24.—Yaie football began.

New Haven, Sept. 24.—Yale football began to look businesslike this afternoon. M. L. McBride, the head coach for the season, arrived this morning. This afternoon Capt. Brown put his teams face to face for the first time and began to play football. Four elevens were lined up during the afternoon, with McBride, Dr. Wurtenburg, the '87 quarter back, and "Parson" Cutten as coaches. The first eleven was made up as follows:

Centre, Holt: guards, Capt. Brown and Hamilin; tackles, Kunzig and Stillman; ends, Gould and Coy, quarter, Wear; half backs, Chadwick and Sharp; full back, Hale. back, Hale.

guarter. Wear; haif backs, Chadwick and Sharp, full back. Hale.

The play lasted for five minutes and was sharp and hard. The 'Varsity men were barely able to score one touchdown against the strong scrub team. After this practice of the first and second elevens the third and fourth elevens were lined up for five minutes' practice. The showing made by these two scrub teams was remarkably good. The work showed that Yale has a large amount of material and that these big squada have plenty of fine stuff in them, provided it is properly developed. Keane, one of last year's half backs, tlayed at quarter back on the second eleven. One of last year's half backs, tlayed at quarter back on the second eleven. Manager Hixon of the Vale team said this evening that he thought the Yale management would make no objection to Princeton's proposition to play the big same in New York instead of in Princeton. But Mr. Hixon said that he doubted whether the Yale faculty would allow the Yale team to play in New York. It is not likely

## Men's Clothing.

Your Money Back If You Are Not Suited.

Brooklyn has long demanded a thoroughly equipped "Men's Readyto-wear" Clothing Store. We mean a store devoted to the best quality of clothing only, where merit must take first place in contradistinction to so-called cheapness. In fact, a store having the reputation and genuine facilities of the best exclusive clothier of New York. We have long contemplated the opening of such a department, but deferred doing so until we could unmistakably control the proper clothing.

We now have a thoroughly equipped Men's Clothing Store. It really means a Men's Ready-to-wear Clothing Store from which you may derive every individual advantage that it is possible to derive from the best exclusive clothier in New York.

A Guarantee of the best fashions, of the best fits, of the best cloths, of the best assortment, of the best satisfaction is assured from the first, because the name of the makers alone is a synonym of perfect clothing in this country. Any man whether he is abnormally stout or abnormally thin can be fitted with accuracy.

Quality. The clothing is the best only, quite different from that ordinarily sold in a Dry Goods Store. Not made to sell in competition with the so-called cheap, but really worthy garments, which have lasting merit and may be returned if not in every way satisfactory.

Price Advantage. We can afford to sell at a closer margin of profit than the exclusive clothier because our other departments (being busy during the clothier's dull season) maintain the expenses. A material saving to you in cost therefore is one answer to a natural question. What advantage to buy in a Dry Goods Store?

Made-to-Order. Profiting by past experience, our Merchant Tailoring Department has been entirely reorganized with far better cutters and tailors than we have had. Every facility to give you far superior fit and finish than anything heretofore.

Location. Conveniently situated on the Second Floor, near fast running elevators, light, roomy and exclusive. We are sure to interest you, and especially as it is a new departure in Brooklyn.

that the faculty will ever again consent to allow the Yale eleven to play in New York and the present agitation of the scheme is not likely to amount to much. Yale objects to the noise and disturbance that follows a big game in New York.

ITHACA. Sept. 24.—Fast and snappy work were the features of the Cornell practice this afternoon. Three clevens were selected for signal practice under the instruction of Coach Haughton, and later two of the teams lined up for a twenty-minute scrimmage. Varsity men played on each side. The coaches announce that the 'Varsity team for the Colgate game will be picked to-morrow afternoon. Warner, the big left guard, especially distinguished himself to-day, and had little trouble in putting his opponent. Cooper, a freshman, wherever he wished. Cooper is as heavy as Warmer, but does not handle himself very well yet. Otis, left half, and Cofin, full back, of the best team, also made good runs and the latter once ran 'through the whole opposing team for a touchdown. Tommy Fennell, who played on the '94, '95 and '96 teams and who was a coach in '98, was on the field in uniform giving instructions to the centre candidates.

WILKES-BARRE, Sept. 24—Dr. Alfred Bull of this city will go to Georgetown College, District of Columbia, to coach the football team there. He will leave next Saturday. He says there is good material to select a team and he expects the boys to make a fine showing. Last year he coached Franklin and Marshall and the teams made an excellent record.

PRILADELPHIA, Sept. 24.—The Pennsylvania team practi-ed twice to-day. In the morning the quarter back candidates had some practice in getting the ball to the runner. For the first time, the men put on their regular football clothes this afternoon and some real line football was seen. They were at first divided into elevens and practised in running through formations. formations.

Boston, Sept. 24.-The New England Trotting Horse Breeders' race meeting and horse show opened to-day at Readville Park. A fair-sized crowd was present. The track was in good shape and the weather fine. There were five races on the card, four being finished. The fifth went over until to-morrow. Adabella wen the two-year-old trot in straight heats, and Major Deimar had a walkoverin the three-year-old trot. It looked like Prince Alert in the free-for-all pace aftershe won the first heat. Bogash, who finished third, went after the next heat and won. He also captured the next two heats in an easy manner. Conner showed the worst form of the year. Hunter Hill won a six-heat race in the 2:19 trot, finishing third in the first three and winning the next three. Alkaline and Miss Duke each won a heat in the 2:14 trot.
